## **WORK EXPERIENCE**

---

### **Junior Associate**

### **Rural Sourcing Inc.**

**September 2019 – November 2019**

- Developed an internal front-end web application in a team environment using JavaScript, ReactJS, and Git for version control.
- Learned about Agile processes, their role in the SDLC, and applied them to the internal web application. My team used Scrum as our Agile framework for the project.
- Was given the ability to expand my skillset, such as starting to learn the .NET framework.

## **SKILLS AND CERTIFICATIONS**

---

### **CERTIFICATIONS:**

- Oracle Certified Associate, Java SE 8 Programmer

### **SKILLS:**

- Proficient: Java
- Familiar: JavaScript, ReactJS, HTML/CSS, Git, REST, XML, Agile
- Exposed: JSON, Retrofit, Maven, .NET, Python, Spring, Gradle

## **PROJECTS**

---

### **Trivia App, Android**

- Developed an Android application that allows users to play Trivia with multiple game modes.
- Utilized the Room Persistence library for easy mapping of questions to specific categories and difficulty on the client-side.
- Implemented a RESTful web service to easily obtain questions from an online trivia API.

### **Java Learning App, Android**

- Led a team to create an app for people to supplement their learning of the Java programming language.
- Built and tested a RESTful backend service to hold users progress while completing the levels of the app.
- Implemented OAuth2 authentication on the backend using Google OAuth2 services and the Spring Security framework.

## **EDUCATION**

---

### **Central New Mexico Community College**

- Major: Computer Science
- Major: Mathematical Sciences

**Degrees Awarded August 2019**

### **Deep Dive Coding Bootcamp**

- Java + Android + Salesforce

**September 2018 – December 2018**

### **University of New Mexico**

- Major: Computer Science
- Minor: Mathematics

**July 2017 – March 2018**
